

Do you want to learn how to be an effective activist?

HEALTH ACTIVIST FELLOWSHIP

Build winning strategies to create change

Learn from **inspirational experts** in the field

Strengthen your **advocacy skillset**

Work across disciplines with other future leaders in health care

The 2022 Salk Health Activist Fellowship will focus emerging activists on building an effective strategy to influence policy at the state-level. As legislation on critical health issues continues to trend toward state governance, now is the time for health activists to learn the skills and opportunities to help ensure the protection of the health and human rights of their communities.

The Salk Health Activist Fellowship runs from **September 22 to November 17**. This 9-week program meets on **Thursdays** from **4:30-6:30pm virtually** on Zoom with the option to participate **in-person at sessions in downtown Pittsburgh**.
